elected to ride forward in attempt to settle just forward of midfield. After having to be restrained from heels near 800m afterwhich mare commenced to settle and travelled well in the middle stages. However, peaked on its run over final 200m and was dissapointing in the run to the line. Post race vet revealed no abnormalities. Trainer undertook to report back to stewards any abnormalities.

When questioned regarding below market performance App T Williams stated the gelding, although travelling comfortably in the run, had a tendency to lay out leaving the 700 metres and when placed under pressure leaving the 600 metres did not finish the race off as strongly as expected. A post race Vet exam revealed PITBULL had sustained abrasions to both hind bumpers.

S. Comments: When asked to explain the poor performance rider reported the mare resented the kick back when racing back in the field. Trainer B. Smith was at loss to explain the poor performance and advised he would report anything that may come to light in the oncoming days. A post-race veterinary examination revealed no abnormalities.

Trainer B. Smith advised stewards in coming days that the mare pulled up fine after the disappointing performance.

S. Comments:Rider questioned RE: The horse's seemingly improved performance. He stated previous start was over a shorter distance than today's event, the gelding was not suited by the quick early pace and was unable to take up a forward position, however the horse found the line strongly over the concluding stages. He added that with the step back up in distance today in a smaller field, the gelding was able to take up a forward position and travelled comfortably throughout, which he believed attributed to the improved performance. Trainer G. Cornish agreed with jockey Taylor's assessment.

S. Comments: Steadied to avoid heels near the 800m. Momentarily steadied approaching the home turn. When questioned, rider said after beginning well he obtained the lead, however at the 800m he allowed another runner to cross him. He said from that point the horse proved one-paced and failed to sprint as he expected and ran on only fairly in the straight. He added that bearing in mind the manner in which the horse finished the race off, in his opinion it may have been a better option maintaining the leading position rather than allowing his mount to be crossed. Vetted, no abnormalities.
