At its first start the filly, after being slow to begin, suffered interference during the early stages which contributed to its disappointing performance. Stable added that the filly began well today and was able to travel comfortably in a midfield position, which with the addition of blinkers contributed to the improved performance. Trainer reported that the filly suffered a hindleg injury subsequent to this start and was sent for a spell.

 S. Comments:Passing the 600m commenced to hang out and had to be steadied from heels of another runner. Questioned re: performance - rider stated mare sweated up behind barriers during delay to start of race. Mare then resented racing inside other runners and after suffering interference leaving the 600m failed to respond to his riding and proved dissappointing. Trainer agreed with comments of rider.

 S. Comments:Bumped by another runner near the 800m. Trainer questioned re seemingly improved performance - explained the horse was second up from a spell today and at its last start met with interference near the 600m and worked to the line satisfactorily over 900m. He added mare has worked well leading into today's race and he was comfortable of a forward showing. Stewards noted his explanation.

S. Comments:Questioned re riding early stages - App stated rode vigorously early in effort to get horse travelling as it had been slow to muster speed in previous starts. Approaching first turn happy to surrender lead to runners outside her but they were appeared content to remain to her outside which left her in the lead. Trainer advised instructions to be handy with cover from inside barrier. Stewards advised App that she had erred in riding her amount along for a considerable distance in early stages which resulted in the lead in contrast to its established racing pattern.

S. Comments:Rider M. Cahill advised that from the wide alley he elected to take up a position at the tail of the field, and as the race was not run to suit, this resulted in him being further from the lead than he would have liked. He added that approaching the home turn he elected to shift wider when making his run rather than improving through the field as his instructions were to have an unimpeded run in the home straight. He added that the horse would be better suited from a closer alley and ridden closer to the lead.

S. Comments:R. Fradd reported that he placed the gelding under pressure leaving the 800m in an attempt to improve his position, however it commenced to lay out and as a result was forced to race extremely wide rounding the home turn. Jockey Fradd noted that the gelding was first up from a spell today and would improve over further distances.
