S. Comments:When questioned regarding his riding Apprentice explained that his instructions were not to place undue pressure on his mount in the early

stages. He said that after beginning reasonably, when runners to his inside showed superior speed he elected to take up a rearward position closer to the

running rail. He added that from the 600 metres his mount was inclined to lay in, and near the 200 metres continued to do so, shifted in despite his efforts and

became awkwardly placed on the heels of another runner.
