Heinrich noted that from a wide barrier at its last start it raced further back in the field than expected and then peaked on its run over the final 200m. Ms Heinrich noted that on that occasion the horse was first up from a spell and she was of the view that it would derive some fitness benefit from that run. The explanation was noted.

S. Comments:Jockey N Day reported that his intention was to take up a handy position, however, the filly failed to muster speed in the early stages which forced him to race further back in the field than anticipated. Jockey Day was of the view that the filly would be better suited when able to obtain cover closer to the speed over further ground than that of today's event.

S. Comments:Questioned re: performance - rider stated from wide alley intention was to obtain handy position. Despite racing wide in early stages was able to obtain handy position and travelled comfortably in middle stages, once placed under pressure leaving the 600m commenced to weaken. Of the view that the gelding may be better suited ridden further back in the field and over further ground. Tnr. was unable to explain performance as gelding pulled up well following the race. Indicated they would have it ridden further back in the field at its next start. Vetted and found to have a slow recovery rate.

App Fawke indicated he had been instructed to lead and felt that if he attempted to steady near the 900m, She's A Danica would have overraced and refused to settle.Stewards advised App Fawke that it was an ill-judged ride given the fast pace that was being set during that section of the event.
