Added that over the final stages of the event, whilst pulling up, the horse made an abnormal respiratory noise. Trainer q'd: stated that on return to scale that the gelding had removed its tongue from its tongue tie after leaving the enclosure. Stated that the gelding performs best with its tongue tie and in his opinion is an essential part of the gear. Added-he would add a tongue control bit to the horses gear for its next start.

Colless explained that he was asked to be positive on the horse today, which after beginning well was able to lead, however once leaving the 600m the horse was under pressure and then commenced to compound in the home straight and was most disappointing. Tnr was at a loss to explain the poor performance. Vetted, no abnormalities. Must trial to stewards' satisfaction.

For this reason he was not overly disappointed with the mare's finishing effort. When questioned if there was an opportunity to improve his position when the tempo slowed leaving the 800m Jockey Allen stated that he was specifically instructed to provide the mare with cover until rounding the home turn as it had performed best when ridden in this manner.

When questioned as to the disappointing performance, Trainer B Guy stated that the gelding has performed best when able to race in a forward position. Mr Guy added that after beginning awkwardly the gelding was then slow to muster speed and attributed this to the disappointing performance today.

S. Comments:When questioned as to the performance, Jockey D Griffin stated that the gelding had to be ridden vigorously during the early stages to obtain a forward position. Jockey Griffin added that he was obliged to continue to ride the gelding along in the middle stages to maintain its position and it failed to respond when placed under pressure and proved disappointing.
