S. Comments: The start was delayed when the mare proved difficult to load. Jockey L Cheshire reported at scale that she noticed that its tongue was over the bit and that she recommended to connections to experiment with a tonque tie or a tonque control bit before the mare's next start. She added further that this may have contributed to the mare not running out a strong 1400m today. Trainer E Forrester reported to Stewards that the mare had returned after the race with a laceration to the near side hip and also with its tongue over the bit.

S. Comments:Fractious in the barriers. Jockey J Morris reported to	to Stewards that it was not his	intention to settle	as far forward, however, after beginning

well he did not have to overly pressure his mount to obtain a forward position and therefore elected to race more forward than anticipated. He added that the mare was disappointing in the home straight.

A post-race veterinary examination revealed the mare to be suffering from heat stress and to have a poor post-race recovery. Trainer B. Smith advised that he would have the mare scoped the following morning, the results of which he undertook to forward to stewards.

S. Comments: The start was delayed when the mare proved difficult to load. Jockey L Cheshire reported at scale that she noticed that its tongue was over the bit and that she recommended to connections to experiment with a tongue tie or a tongue control bit before the mare's next start. She added further that this may have contributed to the mare not running out a strong 1400m today. Trainer E Forrester reported to Stewards that the mare had returned after the race with a laceration to the near side hip and also with its tongue over the bit.
