S. Comments:Questioned re performance - rider explained he rode with vigour in early stages to establish a forward position, however passing the 1000m he was unable to muster sufficient speed to cross leaders and obtain position closer to the rail and as a result was forced to raced wide throughout middle stages. Rounding the turn near the 600m his mount was inclined to race on one rein and rounding the home turn hung outwards and ran wider on the track. Gelding responded to urgings, however felt effects of a wide run throughout the early and middle stages. Post race vet exam revealed no abnormalities.

S. Comments:Commenced to overrace for a short distance approaching 1500m and shifted out forcing EMPEROR'S BEACH wider. Trainer questioned re improved performance - stated that as a result of track downgrade today to Soft 7 was not overly comfortable of a forward showing as it had previously failed on a similar track last start however, attributed improved performance to step up to 1800m. Explanation noted.

S. Comments:Commenced to over-race approaching the 1500m and made the first turn awkwardly. When questioned as to the disappointing performance, Jockey R Plumb stated that after travelling comfortably for the majority of the race, the gelding was then reluctant to improve when racing between runners before commencing to weaken rounding the home turn. He also added that the gelding may have been accidentally struck over the head by another rider's whip. As he was of the view that something may have been amiss with the gelding he did not apply any more pressure to the gelding in the home straight.

			In Running: /3/3

S. Comments:When questioned regarding the disappointing performance Jockey R Plumb was at a loss to explain the performance and could only add that the gelding travelled well until placed under pressure entering the home straight and failed to respond. As a result near the 200m he elected to ease the gelding over the final stages. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. A swab sample was taken.
