He stated that the horse was slow to begin at its most recent start, adding that if the race had been longer the horse would have fought out the finish. He indicated that the gelding has been a late maturer and was suited to today's step up in distance to 1600m. He added that at its first start from a spell over 1000m the horse was not suited to that distance and did not race well on the rain affected track conditions.

Rider reported that the race was not run to suit in that during the middle stages the pace steadied and he was obliged to steady from heels. He indicated that the horse blundered on a number of occasions rounding the home turn and then did not respond to his riding in the home straight. S. Comments:When questioned regarding the disappointing performance, apprentice L. Attard stated that the intention was to ride the horse in a mid to forward position, however after beginning only fairly, was obliged to race further back in the field than anticipated and when the pace slackened in the middle stages the horse commenced to overrace for the majority of the event, which was a telling factor on the horse's finishing performance. A post-race veterinary examination revealed no significant findings and a swab sample was taken.
