S. Comments:Inquiry re performance. Rider stated that after travelling well in the early and middle stages of the race the filly failed to respond to his riding from the 400m and proved disappointing. He added that he advised connections the horse may be better suited to ridden more conservatively in an endeavour to have finish its races off. A post race veterinary examination revealed an abrasion to the off hind pastern and a poor post-race recovery.

S. Comments:Leaving 800m steadied when tightened for room. Rider questioned re why she lost ground in early stages, resulting in her racing at rear of the field. Explained that after beginning well she was forced to steady the mare when tightened for room leaving the 800m, at which point her mount dropped the bit losing more ground than expected. Rider added she then had to ride the mare along just to hold its position at the tail of the field however, finished the race off well. Rider conceded in hindsight should have been more vigorous in the early stages in an effort to hold a midfield position.

S. Comments:When questioned regarding the improved performance, stable representative Ms M. Phillips informed stewards that the gelding had been disappointing at its most recent starts, however today felt that the gelding had improved with fitness and also benefited with the addition of the cross-over noseband and that the gelding was able to dictate terms by leading in today's event. Stewards noted the explanation.
