He added that he was obliged to alter course approaching the 100m to avoid the heels of another runner, which was tiring.

S. Comments: Rider questioned re riding in home straight stated he had difficulty obtaining clear running during early stages home straight. However, when afforded clear running passing 200m the mare failed to quicken and in his opinion was immediately under pressure. Jockey added for this reason he elected not to ride the mare out with usual vigour over final 100m. Stewards noted explanation and reminded jockey to ride mounts out to end of race. Trainer noted mare showing signs of coming into season prior to race, which may have had bearing on horse's performance.

S. Comments: C. Schmidt indicated she had been asked to ride the horse quietly as it was having its first start back from a spell. She added she was obliged to race further back than anticipated after receiving pressure from another runner at the start. She added that she rode the horse forward from the 500m and was obliged to alter course back to the inside in order to secure clear running near the 200m, and that approaching the 100m was obliged to steady when placed in restricted room by another runner. She indicated that, the horse finished the race off well and would appreciate a step up in distance.

S. Comments:Bumped at the start. Stewards questioned apprentice C. Schmidt regarding the tactics adopted today whereby the horse led, which was in contrast to its last start where it settled back in the field. Apprentice Schmidt stated that with the addition of blinkers today on the horse, she was instructed to take up a forward position. She added that the gelding travelled strongly in the early stages and as a result she allowed it to stride forward and settle outside the leader.

S. Comments: Inquiry re riding tactics adopted. Rider J. Lloyd stated he was not issued with any real instructions other than the horse began awkwardly at its previous start and raced back in the field. However after beginning well today and with no real speed in the early stages the horse travelled comfortably in the lead and he allowed his mount to hold that position without being pressured. Stable representative Miss M. Seymour confirmed that no specific instructions were given and stewards noted the explanation.
