S. Comments:Slow to begin and despite the efforts of its rider trailed the field for the majority of the race. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. Questioned re: disappointing performance - trainer noted gelding is better suited over further distances but was still disappointed as gelding had pleased him in a trial leading into the race. Reported that gelding pulled up well after the race and blood tests had failed to reveal any abnormalities. Would step gelding up in distance next start. Warning placed on uncompetitive performance.

His mount failed to muster early speed and settled in a three wide position worse than midfield until the 1000m where it obtained a position with cover two wide.His mount travelled comfortably in the early and middle stages however failed to sprint when placed under pressure from the 600m and was disappointing. J. S. Comments:Trainer questioned re the riding instructions. His instructions were to settle back early and then find the line. Jockey told stewards that he settled back in the field and however was positioned wider than he wished. He added he held up behind another runner when starting his run. He added that on straightening he gave the horse several hits with the whip and got into second place however at 100m he felt OGGIES run had ended. He then felt that he could not catch the leader and was holding down 2nd place easily so he did not continue riding the horse with the whip to the line.

S. Comments:Apprentice B. Grylls was questioned regarding the tactics adopted in the early stages when she allowed her mount to stride forward to the lead, which was in contrast with its most recent starts. She stated that after beginning well she elected to stride forward to the lead as she was of the view that she would be caught wide. Trainer J. Wallace stated that he had instructed Grylls to settle in a handy position with cover but was satisfied that after beginning well that Grylls allowed the horse to stride forward to the lead. Trainer reported the horse may be sent for a spell.

S. Comments:When asked to explain the seemingly improved performance, trainer P. Duncan indicated that at the horse's must recent start, in his view, the gelding was ridden quite poorly and when overracing was settled wide on the track. He felt that this had a significant effect on the performance. Mr Duncan added that at the start prior to this the horse did not appreciate the firm racing surface at Dalby on 9 August and he felt that this may explain the improvement on the horse. He was also of the view that the addition of blinkers today was beneficial.

S. Comments:Raced three wide without cover for the majority of the event. When questioned regarding the improved performance, trainer M. Kropp stated that whilst the horse has only had three starts for his stable, he had elected to make significant gear changes of removing the blinkers and tongue tie off the gelding for this start, and he attributed the improved performance to these changes. Stewards noted the explanation, but nonetheless advised Mr Kropp they would expect the horse to hold its form.

Over-raced in middle stages and was held up rounding home turn and early in straight. Dissappointed in finishing effort when failed to sprint after obtaining clear running near 250m. Conceded better suited allowing mare to stride early to maintain lead given steady tempo.
