nts:Rider questioned re tactics from 1200m - instructions were to maintain momentum and if pace slowed to improve forward to eliminate any stop start tactics not suitable to gelding, which is one paced and cannot show any sprint in its race. After going forward at this point was forced to race 3 wide remainder as PRIMAL TOUCH maintained its position to its inside and was forced to race in this position for remainder. He added that in his opinion the gelding may have come to the end of its current preparation. S. Comments: Connections advised that as the horse has not been finishing its races off well when ridden forward, from the wide barrier today it will be the intention to have the horse ridden back in the field. The horse was ridden accordingly. M. Cahill indicated that after travelling well in the early and middle stages the horse failed to respond to his riding from the 500m and proved very disappointing. Trainer M. Leitch indicated that she would now discuss with the owners the horse's immediate racing future.

A post race veterinary examination revealed the mare to be lame in the new	ar fore shoulder. Trai	iner P. Butterworth was	advised that the mare would be
required to perform satisfactorily in an official trial, and a veterinary clearan	ce must be produced	prior before being pern	nitted to start again.

S. Comments: Slow to begin. Following the disappointing performance, trainer S. Kendrick advised stewards that in light of today's performance he would discuss the gelding's immediate future and that he may consider sending the horse for a spell, adding that he would advised stewards of any abnormality that comes to light in the following days. A post race veterinary examination failed to reveal any significant abnormalities.
