S. Comments:Rider questioned re tactics - explained after being moderately away and settling at rear of the field failed to muster early speed and settled further back than anticipated. Stated approaching home turn when asked to improve, due to greenness, had a tendency to lay in for a short period causing some inconvenience when trying to shift to the outside of CHECKMATE LAD to obtain clear running. Further stated colt finished race off quite strongly and would benefit from todays run and appreciate a step up in distance.

He indicated that the horse, after failing to respond to his riding in the early stages of the home straight, became awkward in its action and for this reason he did not ride the horse out over the final 200m. He added that in his opinion the horse did not handle the rain-affected conditions. A post-race veterinary examination revealed the filly to have a slow post-race recovery.

Mr Gordon explained that the horse was second up today and at its previous start it was obliged to race wide and hung out in the home straight, which placed its rider at a disadvantage. He added that the filly had blinkers, a logging bit and bubble cheeker on the nearside today, which in his view was advantageous to its performance. S. Comments:Stewards questioned trainer Mr L. Ross regarding the improved performance. He indicated that the filly appreciated the step up in distance to 1400m, adding at its most recent starts riders had been instructed to lead if possible, however over shorter distances this had not been achievable, and felt being able to obtain the lead today and dictate the pace in a longer race was the explanation for the improved performance.
