S. Comments:Inquiry re the below market expectation performance. Rider stated that the horse travelled well in the conditions until near the 400m and had enjoyed a favourable run throughout the event, however when asked for an effort in the home straight, his mount failed to respond to his riding and was, in his opinion, very disappointing. Vetted with no significant abnormalities detected. Trainer reported that post race the gelding was found to have a blood irregularity and would now undergo treatment. Further blood tests will be performed before the horse starts again.

S. Comments:Rider questioned re tactics, which led to a fast tempo being set in early and middle stages. - rider stated cold had shown early speed at previous start so was instructed to lead if possible. Was of the view that she was going to cross runners to her inside easily near the 900m but one commenced to overrace so she had to press forward in order to obtain a position closer to the fence. Was of the view that this resulted in the colt weakening over the final 200m.
