### (8) 59 Brad Pengelly R66

S. Comments:Rider explained that in the early stages he was caught extremely wide and therefore approaching the first turn he elected to restrain the colt to find a position closer to the rail. He said that not long after, the horse dropped the bit and became detached from the main body of the field. He added that on straightening he was concerned there was something amiss with the colt and for this reason he did not persist in riding it out. He added that not long after the post the horse made an abnormal breathing noise. Trainer reported the horse was found to have slight bruising to its off front heel.

Colless explained that he was asked to be positive on the horse today, which after beginning well was able to lead, however once leaving the 600m the horse was under pressure and then commenced to compound in the home straight and was most disappointing. Trnr was at a loss to explain the poor performance. Vetted, no abnormalities. Must trial to stewards' satisfaction.
