She indicated that she had been instructed to ride forward, but as her mount did not begin well she attempted to secure a position midfield with cover, however due to the slow pace which was being set, she allowed the horse to stride forward to position outside the lead passing the 700m. |                    |                     |                                        | <b>In Running:</b> /3/3   |

 S. Comments:Stewards questioned apprentice M. McGillivray regarding the tactics adopted today which was to lead in the early stages when the horse has not previously led. He indicated pre-race the plan was to attempt to secure cover preferably in a midfield position, however after beginning well it became apparent he would be caught wide he then elected to ride forward to secure a position closer to the fence. He added that the horse was having its first start over 1600m and the mare raced keenly in the middle stages. Stewards accepted the explanation.

Rider noted gelding slow to begin in its jump outs leading in to today's race. Rider added after travelling a short distance elected to restrain to obtain a position in behind TWILIGHT PRINCESS but shortly afterwards obliged to ride gelding along during middle stages to maintain position. Rider further added once able to obtain clear running in home straight gelding finished the race off well.

S. Comments:Rider stated he was instructed to put the horse in a forward position, however after urging his mount forward out of the barriers, it did not muster speed and, in his view, was not comfortable in the rain affected conditions. He added that from the 600m, the horse hung in, causing him to put the whip in his right hand shortly after entering the home straight. Despite this, the gelding continued to lay in under pressure and was doing its best work over the concluding stages.

Wiggins was questioned regarding his riding tactics and the reason for him shifting to the outside of the heels of SEQUALEX passing the 800m, and soon afterwards applying pressure to his mount and sustaining that pressure from the 600m. Jockey Wiggins stated that his mount has shown an inclination in the past to hang in when ridden behind runners and for this reason he improved to the outside of SEQUALEX and similarly to when it was successful at its most recent start, he commenced to ride forward from the 600m.
