S. Comments: When asked as to why she remained racing 3 wide without cover when there appeared opportunity to restrain and race behind CULLAKS U apprentice S. Lacy stated that the horses usual racing pattern is to race in front or up on the speed, and the mare has shown in the past to have a reluctance to being restrained as well as an inclination to choke down. She added that in the heavy going she was not overly concerned to maintain the position she did, however in hindsight conceded it may have been more advantageous to endeavour to restrain to find cover. S. Comments:When questioned regarding the horse's improved performance, trainer G. Sitek explained that the gelding has been racing over shorter distances from wide barriers and as a result has raced wide, which he felt reflected its performances. He added that today the gelding was able to settle in a good position close to the rail and the step up in distance also had an effect on its performance. Stewards noted his explanation.
