S. Comments:Rider was questioned regarding his tactics adopted upon the horse and in particular, his reasons for restraining through the early stages after beginning well. Rider stated he was instructed to give his mount a squeeze from the start and settle in a one off position. After beginning well his mount did not possess sufficient speed to cross runners to his inside, and rather be caught three wide he elected to restrain to a one off position. Rider added the gelding only finished moderately in the straight. A post race veterinary examination revealed no obvious abnormalities.

S. Comments:Stewards considered an objection lodged by third placegetter against gelding, alleging interference in the early part of the home straight. After taking evidence from the parties concerned viewing official video films and taking into account their own observations it was established that shortly after straightening third placegetter established a run to the inside of gelding, which then shifted in abruptly and hampered third placegetter. Bearing in mind the margin of a short half head and the manner in which both horses ran to the finish, stewards upheld the objection and amended the placings.

S. Comments:Rounding the turn near the 950m when the pace slowed had to be checked and lost ground. When questioned regarding the disappointing performance of the gelding Apprentice said that his mount was standing awkwardly in the barriers and after beginning only fairly he had to ride the gelding along to take up a forward position to comply with his instructions. However, he added that he was hampered near the 950 metres and placed his mount under pressure from the 600 metres, where it failed to respond and was disappointing.
