He said that the horse travelled well throughout the race, however on a number of occasions during the event wanted to change legs. He could offer no explanation for the performance. A post-race veterinary examination revealed no significant findings. Trainer R. Heathcote was at a loss to explain the poor performance and advised stewards that he would consult with his stable veterinarian and notify stewards should anything come to light that may have had an effect on the performance. A swab sample was taken.

S. Comments:Rider questioned re tactics, which resulted in a fast tempo being set in early and middle stages - rider stated in he allowed another runner to cross forward of him early, However, another runner racing inside of him over-raced which prevented him from finding cover and was caught 3 wide early. Was of the view the runner forward of him would cross to the fence so pushed forward to sit outside it but it was unable to do so which resulted in him racing 3 wide in middle stages. Was unable to restrain, despite his efforts, to obtain cover during middle stages. refer full report.

S. Comments:Questioned re: tactics - rider stated instructed to take up a forward position however, when runner to his inside he was reluctant to press forward as he was concerned that his mount may commence to overrace. He therefore allowed the horse positioned wide of him to cross forward of him as his gelding was having its first start over 1800m. The gelding then failed to quicken when placed under pressure leaving the 600m and in his opinion raced flat. Post race vet exam failed to reveal any abnormalities. Stable representative stated that the gelding is better suited when able to lead.

S. Comments:Inquiry into performance. Rider stated that, in her opinion, the gelding was not suited to the steady tempo in the early stages as she believed the horse performs best when able to improve into the race from the 600m. She added as she was unable to improve when racing behind the leader and the gelding had a tendency to lay out, however did not feel that hanging out had a bearing on the performance. Vetted with no significant abnormalities reported and a swab sample was taken. Trainer indicated that the horse may not have appreciated the short back up from last start.

S. Comments:Questioned re tactics: rider stated he was instructed to obtain position with cover. Gelding over-raced early stages so allowed to stride forward to sit outside leader near 1400m. Attempted to restrain to sit off leader in middle stages but that horse continued to race to his inside resulting in his horse over-racing in the middle stages which prevented him from restraining it any further. Stewards advised him that he should have made a greater effort to restrian the gelding in the middles stages so as to sit off the leader and give his mount every oppurtunity of finishing off the race.
