Apprentice Williams stated that the instructions were to lead, however the trainer did comment that the horse was inclined to race keenly and possibly hang. Apprentice Williams reported that after obtaining the lead she attempted to restrain the gelding, however was unable to and as a result her mount raced several lengths in front of the rest of the field and did not finish the race off strongly. Stewards accepted the explanation.

S. Comments:Questioned re performance - rider stated horse was able to race up on the pace as anticipated however weakened badly upon straightening for home and proved disappointing. Felt although the hore had some wet track form in the past it didn't handle today's conditions and noted it was having its second start from a spell and was up in distance. Trainer advised that endoscopic examination following the race revealed the horse to be suffering from an epiglottic entrapment and would now undergo corrective surgery.

S. Comments:Began very awkwardly and lost ground. When asked to comment on the performance,K. Wharton stated that the horse jumped away

awkwardly and was positioned at the tail of the field, and whilst he had not been issued instructions, he had anticipated settling more forward. He added that

when placed under pressure the horse carried its head very high and raced greenly and shifted both in and out. He added that, in his view, the horse would

benefit from the step up in distance and had recommended to connections to experiment with the addition of either blinkers or winkers.
