Krogh said that after beginning poorly and mustering speed, he elected to come wide leaving the 600m, however he felt that the horse was under pressure from that point and he felt the horse did not appreciate the tight turning track. It was also noted that nearing the home turn it was bumped by another runner. Jockey Krogh felt it was disappointing and he was of the view the horse performs best when able to lead or be in a forward position.

S. Comments:Trainer questioned re improved performance - explained at previous start drew wide and in an attempt to obtain cover had to go further back than they would have liked and in a slowly run race made it very hard to make up ground over concluding stages. Of the view run was better than it looked and today being in 900m race felt speed would be on and drew a better barrier, which aided being in a better position. Added gelding handles heavy track conditions and gave it a reasonable change of winning today. Stewards noted explanation.

S. Comments:Proved difficult to load, delaying the start. Connections were advised that a warning would be placed on the mare's manners. Raced three wide with cover. Rider Adam Spinks reported that his mount failed to muster speed from the wide gate and failed to respond to his riding from the 600m. A post-race veterinary examination determined that the mare had dislodged its synthetic hoof filler which may have had a bearing on the performance. Jockey Spinks also reported that the mare may not have appreciated the firmer surface today.

S. Comments:When asked to comment on the horse's improved performance, trainer's representative Mr N. Hahn advised that the gelding was having its first start for the Nolan stable and therefore he could not comment on the horse's previous runs. He added that the gelding had worked well and jumped out well in preparation for today's event and for that reason the stable expected a forward showing today.
