S. Comments:Questioned re performance - rider stated mount raced keenly in lead throughout the race and as a result weakened over the final 200m. Whilst it had won over a similar distance last start, when displaying racing manners evident today failed to runout the 1200m. Post race vet revealed to be lame near fore leg and signs of poor post race recovery.

S. Comments:A post-race veterinary examination revealed the mare to have a slower than normal recovery rate. Trainer reported horse pulled up well and an endoscopic examination failed to reveal any abnormalities. Only tangible explanation was that it may have resented being restrained once it found the lead as had performed poorly in the past when ridden in a similar fashion. Will instruct rider to allow horse to travel along in lead without being restrained next start. If again performs poorly will reassess current campaign.

S. Comments:Began fairly and the tailed the field during the early stages of the event before making significant ground during the middle stages and finished the race off strongly. Stewards questioned jockey and trainer D. Rewald regarding the tactics adopted on the gelding. Mr Rewald stated that the horse was not suited by the fast tempo in the early stages and raced further back in the field than he anticipated, which he attributed to the weight of 63kg. However, he felt the gelding finished the race off strongly. Stewards noted the explanation.
