S. Comments:Jockey explained that after being momentarily crowded for room shortly after the start, he had to continually ride his mount along in an attempt to obtain the lead, in accordance with its established racing pattern. He said that when unable to do this, his mount was constantly under pressure and never travelled comfortably. Jockey added that in his opinion the gelding performs better in races over a longer distance and when it is able to dictate the terms in front. A post-race veterinary examination of the gelding did not reveal any abnormalities.

S. Comments:Questioned re performance - rider stated gelding raced ungenerously when forced to race inside other horses and was second up today and felt it may have felt the effects of its first up performance. Rider also felt horse is better suited with blinkers. Trainer agreed with comments of rider and advised that blinkers had been removed as gelding was slow to begin at its last start. He would experimnet with addition of blinkers again. Vet exam - no apparent abnormalities.
