She added ACHIEVEMENTS had settled well outside the leader and was travelling well within itself leaving the 700 metres, and therefore allowed the gelding to stride forward from that point. S. Comments:When questioned re the disappointing performance, the rider advised that whilst the gelding was able to obtain a forward position through the event, he was unable to obtain this position as comfortably as in its previous starts. He added that the gelding travelled reasonably throughout the event, however when placed under pressure rounding the home turn failed to respond to his riding as he had anticipated and proved disappointing. He added that in his opinion the horse may not have been entirely comfortable on the heavy racing surface today.

He was of the view that the gelding would appreciate a step up in distance at its next start.

S. Comments:Bumped on jumping and blundered shortly after. When questioned regarding the performance of the gelding the rider stated that his mount performs best when it is able to race in a forward position and sustain a run from the 600m. He stated that after receiving interference in the early stages his mount was obliged to settle at the rear of the field and was unable to adopt those tactics. He added he placed his mount under pressure from the 600m however it was unable to run down the leading pack and went to the line in a fair manner. A post race vet examination did not reveal any abnormality.
