S. Comments:Questioned re performance, rider stated that his mount enjoyed a comfortable run behind the leaders in the early and middle stages however was under pressure to maintain its position from the 600m and weakened in its run to the line. Trainer M. Wilson stated that the filly had worked well leading into the event and he was confident of its chances. He stated that although the filly has given every indication that it wants ground, it was its first attempt at the 1600m journey today and it may not have run out the distance. Post race vet exam did not reveal any abnormality.

Gelding raced flat today and failed to respond to her riding at any stage and proved disappointing. Post race vet - lame off hind and sore over rump.

S. Comments:Jumped away awkwardly and lost ground. Jockey A.Holt was questioned regarding his riding of the horse in the middle stages. He stated he had been instructed to settle the gelding back in the field and he attempted to find cover after leaving the 800m trailing WAR ENDS, however when that gelding did not improve quickly into the race he was obliged to shift wider on the track and, in his opinion, SIR MOMENTS peaked on its run after leaving the 200m. A post race veterinary examination failed to reveal any significant abnormalities, and a swab sample was taken.

S. Comments:Rider accidentally dropped whip near the 250m. Rider questioned regarding horse's performance. He said the gelding did not begin well and as a result settled at the rear of the field, and after passing the 1200m he had to steady the horse and shifted wider. He added that following this the horse commenced to overrace which resulted in him racing three wide for the remainder of the event. He was of the opinion that these circumstances contributed to the overall performance. Vetted and found to be lame in the near foreleg. Vet clearance must be produced prior to the horse racing again.

S. Comments:Began awkwardly. Rider questioned re tactics. He said instructions were to ride forward, however despite the gelding beginning awkwardly and making heavy contact with horses to its outside, he attempted to ride forward, however was unable to muster sufficient speed and after travelling a short distance shifted closer to the fence near the rear of the field. He said when approaching the home turn the gelding overraced and he was obliged to steady from heels near the 600m and again near the 500m. He said the gelding obtained clear running in the straight and finished the race off well.

S. Comments:Rider questioned regarding tactics in the early stages. She stated that the gelding began very well so she elected to push forward, but after leaving the 900m FLAMBOYER, which was racing to her inside, was also racing keenly and therefore she attempted to restrain but was unable to do so and in her opinion the blinkers on the gelding for the first time played a part in the way the horse raced in the early stages. She added that the horse was inclined to hang out once she endeavoured to restrain.
