Rider said after beginning well he rode his mount along in an endeavour to obtain its customary leading position, but when runners drawn to his outside showed superior pace, he had to take a trailing position near the 1000m. He added that shortly after obtaining this position, the mare failed to travel strongly on the bit and was under pressure, proving disappointing. S. Comments:Questioned re tactics - rider stated instructions where to lead. She became concerned with fast tempo leaving 1000m and attempted to steady at which point mare failed to relax. Mare had raced in similar pattern previously and proved to be competitive, as such, given the way it had weekend today, it may have come to the end of its prep. Whilst noting explanation rider was advised that she should have made a greater effort to restrain mare in middle stages. Trainer advised mare would be sent for an immediate spell.

S. Comments:When questioned regarding the performance of the gelding apprentice N. Masuda stated that his mount failed to travel comfortably on the soft track conditions and failed to get down in the straight. When questioned, trainer Ms S. Lawlor stated she was at a loss to explain the performance and she had expected a forward showing. Ms Lawlor added that the geldings form indicates that it does not appreciate soft track conditions and performs better on larger circuits than that today. A post race veterinary examination of the gelding did not reveal any abnormality.

S. Comments:Rider questioned regarding the tactics he adopted. He stated that the trainer was of the view that the horse races best when racing up alongside other runners. He added that he rode the gelding similarly when it won at Eagle Farm on 26 April, however on that occasion it travelled better than it did today.

Trainer stated he did not feel the gelding appreciated the 59kg impost today and may have felt the effects of a long preparation and would be spelled. Veterinary examination of the gelding revealed it to have a poor recovery and to be showing signs of heat distress.

Blades indicated at the horse's most recent start the race was run at a very slow pace and developed into a sprint home which he believed did not suit the horse. He felt the mare benefitted from the step up in distance of today's event and was more suited to being permitted to stride forward in the middle stages. The explanation was noted.
