Questioned re: performance, App Graham stated gelding failed to muster speed in early stages which resulted in it racing further back than anticipated. App. Graham noted that despite this the gelding failed to respond to her riding when placed under pressure rounding the home turn and in her opinion was disappointing. Trainer expressed disappointment however noted that with 59.5kg impost he was obliged to engage an apprentice and felt gelding may be better suited with a more senior rider.

She added that it then started to let down nicely, however a short distance later commenced to compound and was very disappointing. She thought the horse may have got its tongue over the bit. Trainer Vetted and found to be exhibiting an abnormal respiratory noise. Results of an endoscopic examination to be produced prior to next start. Swabbed.

S. Comments:Rider questioned re her riding of the horse which raced in the four wide position for the majority of the race. She advised that her instructions were to take an easy lead if possible however if it was not possible to take a sit behind the leaders and work home from the 600m. She added that she attempted to lead but at the turn out of the straight the horse was three wide and unable to cross and therefore she was forced to race outside the two leaders in a three horse field. She added added that the horse hung out slightly to place her in a four wide position during the event
