Jockey Bogenhuber stated that after travelling wide in the early stages, she allowed her mount to stride forward to a leading position, which is the gelding's usual racing pattern, however from a point leaving the 500m was under pressure and proved disappointing in its finishing effort, and in her opinion the gelding may have come to the end of its preparation.

Fradd explained that from his wide barrier he was obliged to settle further back in the field than he would have liked and this, coupled with the steady tempo of the race, did not suit the horse. He added that he is of the opinion that the horse is better suited to races over shorter distances with a more genuine speed to allow the horse to travel without having to be restrained. A post-race veterinary examination revealed no significant findings.

S. Comments:Stewards asked apprentice J. Orman to comment on the performance of the horse. He indicated he was disappointed, however felt that the performance could be attributed to the horse having its first start this preparation over 1400m, on a rain-affected track, and from the wide barrier he was forced to settle at the rear of the field. He added that when asked for an effort from the 600m, his mount did not respond to his riding. Trainer R. Heathcote agreed the apprentice Orman's comments

S. Comments:Brushed the running rail passing the 900m when racing tight. Held up on straightening and had to be shifted back in. Apprentice M. McGillivray explained that rounding the turn he commenced to gather momentum in anticipation of obtaining a run outside VENECIA. He said when VENECIA hung out rounding the turn he was then held up at the heels of runners and when he became aware a run would not present itself in front of him he elected to steady and shift back to the inside of VENECIA to avail himself to that run.

S. Comments:Jockey B. Stewart reported that after crossing to the lead he was able to restrain and the gelding overraced with him for a short distance. He said after that the gelding travelled nicely however was unable to quicken when other runners improved around him from the 500m and was most disappointing in the straight. A post race veterinary examination revealed a slight case of thumps.

S. Comments:When questioned regarding the poor performance of the mare, Jockey stated that instructions were to ride the mare in a rearward position, in accordance with its established racing pattern. He said that whilst racing at the tail of the field he was caught 3 wide when the mare pulled hard and refused to settle. He added that he was then obliged to race in that position throughout and when placed under pressure after straightening for home the mare failed to respond to his riding and was disappointing. A post-race veterinary examination revealed no abnormalities.
