improve and passing the 500m was forced wider by LADY BRAHMOS when it did shift out to improve. When asked to comment, jockey R. A post-race veterinary examination revealed no abnormalities.

A post-race veterinary examination revealed that the filly had some blood in one nostril and blood in its mouth with a loose tooth, which in the opinion of the veterinary surgeon may have been the result of head trauma due to the incident in the barriers prior to the start.

S. Comments:Laid out under pressure in the home straight. When asked to comment on the performance, R. Stewart indicated that the tempo of the race was slower than he would have liked and that he had anticipated being a little bit further back in the field, however, felt that the horse travelled comfortably until being asked to respond approaching the home turn and did not quicken. He felt that the horse having its first run this preparation over 1400m may have had an effect but he could offer no explanation for the performance, which he felt was disappointing.
