S. Comments:Questioned re: performance - Rider stated gelding settled in rearward position but became concerned in early stages horse wasn't travelling comfortably. From the 900m horse was inclined to lay in and despite his efforts would not respond. He added that despite his efforts the gelding failed to respond to his riding in the straight and was most disappointing. Trainer indicated horse had previously performed poorly at Doomben and may be better suited on bigger tracks. Post race vet - no abnormalities.

S. Comments:When questioned as to the seemingly improved performance of the gelding, Trainer M Wilson stated that he had not been disappointed in its last start where from a wide barrier it was forced to race further back than anticipated and ran on well. Mr Wilson added that he was critical of the Jockey's ride at its previous start at Doomben, however, he did concede that METEOROLOGIST did not race well at Doomben. Mr Wilson also noted that the gelding had always performed best over today's distance of 1800m at the Gold Coast where it is trained. His explanation was noted.

S. Comments:Questioned re: performance - rider stated mount travelled at rear of field behind a strong tempo in early and middle stages. Gelding failed to sprint when placed under pressure upon straightening and was very dissapointing. Trainer stated gelding had worked well leading into race and was confident of its chances. Only excuse he could offer was that it did not appreciate 59kg impost. Undertook to provided stewards with results of blood tests and if they would clear would look to step gelding up in distance. Post race vet failed to reveal any abnormalities.
