Comments:Rider explanation re disappointing performance - rider stated had to ride aggressively early stages from the wide barrier to take up a forward position and the horse travelled comfortably in the middle stages but when pressured soon after straightening did not respond to his riding. Trainer confirmed gelding will be sent for an immediate spell. Vetted - no abnormalities. Trainer later reported horses had be found to be suffering from a virus which may have explained poor performance.

S. Comments:Raced untractably in the early and middle stages and refused to settle. Approaching the 700m was steadied after improving onto heels. Approaching and rounding the home was held up for clear running when awkwardly placed on heels. When questioned re the performance, rider explained her mount suffered from an interrupted run throughout the event. Further said shortly after straightening when afforded clear running her mount failed to respond to her urgings as expected and was disappointing. A post race vet exam revealed no abnormalities.
