S. Comments:J. Lloyd explained that during the preliminary he was concerned with the horse's action and for this reason he sought a veterinary inspection on arrival at the barriers. He said that after having the horse trotted and cantered up behind the start and in consultation with the veterinary surgeon he was satisfied that the horse was suitable to race, and this opinion was confirmed by the veterinary surgeon. He said that in the early stages the horse travelled comfortably, however after going some distance the horse did not feel free in its action and on straightening he became concerned and theref

S. Comments:Hampered shortly after the start. Raced wide in the early stages until being restrained to obtain a position at the rear of the field with cover. When asked to comment on the performance, jockey S. Bogenhuber explained that after being caught wide and having to restrain to take up a position with cover at the rear of the field the filly was unable to race in its customary position and she felt that this, along with today's prevailing track conditions, contributed to the disappointing performance. A post race veterinary examination failed to reveal any significant abnormalities.
