approaching the home turn. Apprentice Sewell stated that he improved between runners making the turn and elected to shift back to the inside where there

was clear opportunity to do so to improve to the inside of CAILLEBOTTE. He added that his mount was left flat-footed when the leaders sprinted and he was

unable to make ground quickly and was held up over the concluding stages when CAILLEBOTTE shifted back in.

Comments:Questioned re performance - rider explained he rode with vigour in early stages to establish a forward position, however passing the 1000m he was unable to muster sufficient speed to cross leaders and obtain position closer to the rail and as a result was forced to raced wide throughout middle stages. Rounding the turn near the 600m his mount was inclined to race on one rein and rounding the home turn hung outwards and ran wider on the track. Gelding responded to urgings, however felt effects of a wide run throughout the early and middle stages. Post race vet exam revealed no abnormalities.
