S. Comments: Jockey replace injured apprentice. When questioned as to the disappointing performance, jockey stated that the gelding travelled well with cover in the early stages but when placed under pressure leaving the 500 metres responded only fairly to his riding and proved disappointing. A post-race veterinary examination revealed the gelding to be lame in the off hind. Trainer was advised that the gelding will require a veterinary certificate of clearance before being permitted to start again.

S. Comments:When questioned , Jockey stated he had been instructed to ride his mount forward from its favourable draw, and after beginning well was able to obtain a position behind the leaders, and travel comfortably, however approaching the 900 metres he was tightened for room and lost ground, and from that point was continually under pressure when racing in restricted room to the inside of another runner and when able to obtain clear running ran on only fairly. A post-race veterinary examination of the gelding did not reveal any abnormalities. Trainer confirmed the instructions issued to Jockey.

| S. Comments:Eased when tightened for room approaching the 100m. When questioned regarding the performance of the gelding jockey stated that his mount began well and travelled strongly in the early and middle stages. Added his mount failed to respond when placed under pressure passing the 500m and weakened noticeably in its run to the line. Stated that throughout the event his mount was making an abnormal respiratory noise. A post race veterinary examination of the gelding did not reveal any abnormality. Trainer advised that the gelding requires an endoscopic examination prior to its next race start. | | | |
