S. Comments: Hung in under pressure in the straight. When questioned regarding the riding tactics adopted in the early stages, rider reported that he had no specific instructions and as the horse did not begin well, he restrained to the rear of the field in an attempt to obtain cover. He said the horse initially shifted out in the early part of the straight, which resulted in him changing his whip to his left hand, and soon afterwards the horse shifted in when placed under pressure so over the concluding stages he elected to ride the horse in a hands and heels manner. Stewards noted his explanation.

S. Comments: When questioned regarding her mount shifting away from the rail from the 500m, Ms T. Harrison explained that in today's track conditions she was of the opinion that in the straight the going was superior away from the rail. She said with this in mind she discussed this with trainer T. Gollan who instructed her to endeavour to shift out from the 500m to allow the filly to race on what he considered to be the better section of the track.

S. Comments:Leaving 800m steadied when tightened for room. Rider questioned re why she lost ground in early stages, resulting in her racing at rear of the field. Explained that after beginning well she was forced to steady the mare when tightened for room leaving the 800m, at which point her mount dropped the bit losing more ground than expected. Rider added she then had to ride the mare along just to hold its position at the tail of the field however, finished the race off well. Rider conceded in hindsight should have been more vigorous in the early stages in an effort to hold a midfield position.

S. Comments: When questioned regarding her tactics, apprentice A. Fancourt stated that she attempted to ride forward and cross LIBERATION in the early stages, however once she was unable to cross that runner, she steadied the gelding. Ms Fancourt added that she had been instructed to not overly restrain the gelding as it was one-paced and for that reason she was content to race forward of LIBERATION during the middle stages. Stewards advised apprentice Fancourt that she would have been better suited making greater effort to restrain the gelding in the early stages so as to sit off LIBERATION.

When asked to comment on the seemingly disappointing performance, rider S. Bogenhuber stated that she was able to obtain a leading position and that the horse travelled comfortably throughout. She added that when under pressure in the home straight the horse failed to respond to her riding and she felt that in her opinion the horse had come to the end of its preparation.
