In Running: /12/12

S. Comments:Slow to begin and despite the efforts of its rider trailed the field for the majority of the race. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. Questioned re: disappointing performance - trainer noted gelding is better suited over further distances but was still disappointed as gelding had pleased him in a trial leading into the race. Reported that gelding pulled up well after the race and blood tests had failed to reveal any abnormalities. Would step gelding up in distance next start. Warning placed on uncompetitive performance.

He said that the horse travelled well throughout the race, however on a number of occasions during the event wanted to change legs. He could offer no explanation for the performance. A post-race veterinary examination revealed no significant findings. Trainer R. Heathcote was at a loss to explain the poor performance and advised stewards that he would consult with his stable veterinarian and notify stewards should anything come to light that may have had an effect on the performance. He said that not long after, the horse dropped the bit and became detached from the main body of the field. He added that on straightening he was concerned there was something amiss with the colt and for this reason he did not persist in riding it out. He added that not long after the post the horse made an abnormal breathing noise. Trainer reported the horse was found to have slight bruising to its off front heel.

App Eilbeck noted that the horse was having its first start back from a spell and in her opinion had resented racing inside of other runners today. App Eilbeck indicated that connections would consider adding blinkers and stepping it up in distance at its next start.
