Lakey that BROCSOON be declared a non-runner due to that horse's barrier gates not opening at the same time as the rest of the field's gates had opened. After viewing the patrol footage, stewards were of the opinion that as the horse's barrier gates had only been marginally slow to open and that this had not materially affected the horse's chances, it would be declared a runner.

S. Comments:Questioned re performance - rider stated mount raced keenly in lead throughout the race and as a result weakened over the final 200m. Whilst it had won over a similar distance last start, when displaying racing manners evident today failed to runout the 1200m. Post race vet revealed to be lame near fore leg and signs of poor post race recovery.

S. Comments:A post-race veterinary examination revealed the mare to have a slower than normal recovery rate. Trainer reported horse pulled up well and an endoscopic examination failed to reveal any abnormalities. Only tangible explanation was that it may have resented being restrained once it found the lead as had performance poorly in the past when ridden in a similar fashion. Will instruct rider to allow horse to travel along in lead without being restrained next start. If again performs poorly will reaccess current campagin.

S. Comments:Shifted in away from heels near the 700m and became unbalanced and lost ground. Had to be checked passing the 900m when severely checked when tightened for room. At a subsequent inquiry it was established that HIGH COST shifted in and away from REDSSON, resulting in FALCHION being taken in slightly across the rightful running of SUITE MOVER. Stewards could not attribute this incident to the carelessness of any one rider and no further action was taken. A post race veterinary examination failed to reveal any significant abnormalities.

S. Comments:Began awkwardly. Tightened for room shortly after the start when racing in restricted room and had to be checked. Stewards afforded apprentice B. Grylls the opportunity to comment on the horse's performance. She stated that after being tightened for room shortly after the start the filly settled further back than she anticipated. She added that the usual racing pattern of the filly is to lead and the horse races best when able to dictate out in front, however she was nonetheless disappointed with the filly's finishing effort. A post-race veterinary examination revealed no abnormalities.

When questioned in relation to the improved performance, trainer advised that at the gelding's first race start on 26 September 2015, after being slow to begin the gelding was forced to race very wide throughout the event, which he felt was a major contributing factor to the horse's performance on that occasion. He went on to advise that the gelding had worked well in preparation for today's event and as such expected a forward showing today.
