S. Comments:Stewards questioned J. Dann regarding the horse's improved performance in comparison to its most recent start. Mr Dann indicated that in his opinion the horse's form had been good prior to last start, where on that occasion the horse suffered minor interference near the 900m and was obliged to race wide throughout and was forced wider on a number of occasions after passing the 700m. In his view, these factors had significantly affected the horse's overall performance and he had expected a more forward showing in today's event.

He indicated he would gallop the gelding, before having an endoscopic examination performed and would report the results back to stewards. A post race veterinary examination failed to reveal any significant abnormalities. Mr Smith advised that the endoscopic examination was clear and the horse subsequently barrier trialed in blinkers and performed well. He indicated that he would add blinkers to the horse's gear as a result.

Held up rounding the home turn and in the straight until approaching the 200m when tightened for room and restrained. Inquiry re performance.

Apprentice L. Tarrant stated after beginning awkwardly, the gelding overraced and was reluctant to settle at the rear of the field, which was further back than anticipated. He added passing the 600m the gelding was travelling comfortably but after being held up near the 200m, only found the line fairly.
