| S. Comments:Slow into stride. Near 350m improved onto the heels of ELTIZAAM, which shifted in slightly. Rider questioned re performance - stated instructions were to settle in the second half of the field. Stated near 800m when speed of the race increased gelding left flatfooted and failed to respond to his riding as expected. Further stated whilst gelding finished off reasonably well he thought the performance was one paced. |                    |               |  |

S. Comments:Checked at the start. Stewards asked Jockey R. Plumb for an explanation regarding the geldings performance. Jockey Plumb explained that after being severely checked at the start, he settled at the rear of the field and the gelding contacted the rail on two occasions passing the 1000m when racing to the inside of BEAUETA. He added that the gelding finished fairly in the home straight but in his opinion the interference at the start had a direct bearing on today's performance. A post-race veterinary examination failed to reveal any apparent abnormalities.

When asked to comment on the performance, App. A. A post-race veterinary examination revealed the presence of blood in the left nostril as a result of making contact with the barriers. Trainer D. Murphy was also advised that an endoscopic examination would be required to be undertaken prior to the gelding's return to racing.

A post-race veterinary examination revealed the gelding to be exhibiting a poor post-race recovery.
