S. Comments:Bumped by another runner at the start. Raced greenly in the early stages and leaving the 900m shifted in, inconveniencing other runners. Apprentice S. Payne reported that his mount raced very greenly throughout and raced keenly in the early stages and he was of the view that the horse would take benefit with the removal of the blinkers in an attempt to have the horse settle in its race. A post-race veterinary examination revealed no significant findings.

Comments:When questioned Apprentice said that from the wide barrier he rode his mount along in the early stages to take up a forward position, however the gelding over-raced and when in the lead refused to settle. He attributed this to the gelding weakening. A post-race veterinary examination did not reveal any abnormalities. Trainer undertook to report back in the days following.
