Rider stated she wanted position closer to the lead, But after being interfered with at the start was obliged to steady and position towards the rear of the field.

She added it raced greenly and was somewhat field shy in the race, adding that in the home straight she was obliged to steady from weakening horses and when afforded clear running to the outside the horse finished the race off well and was doing its best work over the concluding stages.

S. Comments:D Browne indicated that his mount began awkwardly and as a result he attempted to settle the horse further back than he would have liked. He added that the horse did not travel comfortably throughout the event and was under pressure after passing the 800m and proved disappointing in its finishing effort. L Birchley could offer no explanation for today's performance. Trainer reported that blood samples taken indicated an elevated white cell count, which veterinary advise indicated would explain the performance. Trainer advised that satisfactory blood results would be required prior to next start

Comments:Rider questioned re tactics, which led to a fast tempo being set in early and middle stages. - rider stated cold had shown early speed at previous start so was instructed to lead if possible. Was of the view that she was going to cross runners to her inside easily near the 900m but one commenced to overrace so she had to press forward in order to obtain a position closer to the fence. He said he began best and it became apparent early on no runners to his inside appeared intent on leading, so he elected to stride forward and cross to the lead despite his instructions. After doing this he endeavoured to steady the tempo however his saddle shifted forward and as he was reluctant to fight the gelding he felt obliged to let it run along at a moderate tempo in front.
