S. Comments:Tightened for room at the start and lost ground. Apprentice A. Fancourt reported that after suffering interference at the start she was obliged to settle further back than anticipated, however when the tempo increased from the 800m the gelding failed to quicken as anticipated and finished the race off only fairly. A. Fancourt was of the opinion that the gelding may not run out a strong mile. Trainer J. Zielke confirmed the stable was somewhat disappointed with the performance and felt it raced a little flat today and would look to start the horse over 1400m next start.

A post-race veterinary examination revealed no abnormalities other than that the horse had an elevated high heart rate. Stewards advised Mr Wilson that they would make a determination as to whether any action would be taken against the horse after he reports to them his veterinary surgeon's findings in the coming days. A swab sample was taken from the horse.

She indicated that after the horse started at the Gold Coast on 17 May the stable added a tonque-tie to the horse's gear, which it raced in on 17 June. However the gelding's performance on this occasion could be explained by sustaining interference on a number of occasions throughout the event, as noted in the Stewards' Report. She added that the stable had expected a forward showing in today's race as the horse had responded in its trackwork following the addition of the tongue-tie. A post ra

S. Comments: The start of this race was delayed when the horse lost its near hind plate after leaving the enclosure, and after attempting to reattach the plate, the decision was made, after consultation with trainer K. Walker, to allow the horse to race bare foot behind as the farrier was unable to reattach the plate due to the horse being fractious. Raced with its head in the air when being restrained in the early stages. Held up rounding the home turn and obliged to alter course shortly after entering the home straight to secure clear running.

S. Comments:G. Goold reported that the mare enjoyed a nice run until about the 700m and when the tempo began to quicken he endeavoured to place his mount under pressure, however it failed to respond, and in the straight, as he was concerned with the manner in which it was weakening, he did not persist in riding it out. He added that the mare made an abnormal breathing noise up the home straight. A post-race veterinary examination revealed the mare to have an irregular heartbeat. Trainer K. Walker was advised that prior to the horse racing again it must perform satisfactorily in an official trial and he wi \$16,000
