When questioned regarding the performance of the gelding jockey stated that his mount began well and travelled strongly in the early and middle stages. Added his mount failed to respond when placed under pressure passing the 500m and weakened noticeably in its run to the line. Stated that throughout the event his mount was making an abnormal respiratory noise. A post race veterinary examination of the gelding did not reveal any abnormality. Trainer advised that the gelding requires an endoscopic examination prior to its next race start.

S. Comments: Questioned re performance - rider stated gelding raced ungeneroulsy when forced to race inside other horses and was second up today and felt it may have felt the effects of its first up performance. Rider also felt horse is better suited with blinkers. Trainer agreed with comments of rider and advised that blinkers had been removed as gelding was slow to begin at its last start. He would experimnet with addition of blinkers again. Vet exam - no apparent abnormalities.

S. Comments: When questioned regarding the poor performance of the gelding Jockey said that after beginning only fairly his mount was able to obtain a prominent position, where it travelled comfortably throughout, however when a run presented rounding the home turn he placed his mount under pressure and it did not respond to his urgings and was disappointing. Jockey added that in his opinion the gelding performs better over longer distances than today's event. A post-race veterinary examination did not reveal any abnormalities.
