without cover for the entirety of the event. When questioned regarding the horses performance, trainer K. Kemp, after viewing the video, agreed that the

gelding had a hard run being caught wide without cover, noting that it was up in class for today's event and after also noting that it may have come to the end

of its campaign stated that he was not overly disappointed with today's effort. He added that he would assess the geldings post-race recovery.

S. Comments:Apprentice B. Nothdurft reported his mount raced very greenly in the home straight and laid in over the concluding stages. He added the horse made an abnormal respiratory noise shortly after straightening and again passing the winning post. A post race veterinary examination of the horse revealed a suspected palate displacement. Trainer L. Hatch was advised that the horse must undergo an endoscopic examination prior to its next race start, the results of which to be forwarded to stewards.
