S. Comments:Held up rounding the home turn and in the early stages of the home straight. When questioned as to the performance, Jockey K Wharton stated that the gelding had a tendency to over-race in the early and middle stages, however, commenced to improve into the race rounding the home turn. Jockey Wharton added that upon straightening the gelding was forced to race in restricted room and thereafter had a tendency to lay in and proved disappointing today. He was of the view that the gelding may be better suited over shorter distances than that of today's journey.

S. Comments:When questioned, rider explained that after being caught wide early, he then elected to ease to obtain a position closer to the rail and as a result settled further back than he had intended. He added that he was then momentarily held up for a run prior to the home turn however, after gaining clear running at the entrance to the straight the gelding was in his opinion slightly disappointing. A post race veterinary examination failed to reveal any abnormalities.
