S. Comments:When questioned regarding his riding Apprentice explained that his instructions were not to place undue pressure on his mount in the early stages. He said that after beginning reasonably, when runners to his inside showed superior speed he elected to take up a rearward position closer to the running rail. He added that from the 600 metres his mount was inclined to lay in, and near the 200 metres continued to do so, shifted in despite his efforts and became awkwardly placed on the heels of another runner.

Comments:When questioned regarding the poor performance of the colt, Jockey explained that his mount travelled comfortably throughout in a prominent position, however shortly after straightening for home, when placed under pressure, failed to respond and was disappointing. A post-race veterinary examination did not reveal any abnormalities. Trainer advised stewards that it was his intention to have the colt gelded and spelled.
