S. Comments:Bumped by another runner near the 900m. Stewards questioned rider and trainer regarding horse's seemingly disappointing performance. Rider could offer no explanation, however advised that at no stage did it travel strongly throughout the event. Trainer expressed disappointment with the performance, however advised that on returning to scale the horse appeared to have its tongue back, which may have contributed to the poor performance. He further advised that based on that he would add a tongue tie to the horse's gear for its next start. Vetted, no abnormalities.

Badger indicated that her instructions from the trainer were to ride the mare wide as they were of the view that it was the better section of the track. She further added that it was the mare's first start in six months and in her opinion the mare would be better suited over further distances on firmer ground. Trainer P. Badger confirmed instructions, Stewards noted the explanation.

When questioned regarding the performance of the gelding the rider stated that his mount performs best when it is able to race in a forward position and sustain a run from the 600m. He stated that after receiving interference in the early stages his mount was obliged to settle at the rear of the field and was unable to adopt those tactics. He added he placed his mount under pressure from the 600m however it was unable to run down the leading pack and went to the line in a fair manner. S. Comments:When questioned re the disappointing performance, the rider advised that whilst the gelding was able to obtain a forward position through the event, he was unable to obtain this position as comfortably as in its previous starts. He added that the gelding travelled reasonably throughout the event, however when placed under pressure rounding the home turn failed to respond to his riding as he had anticipated and proved disappointing. He added that in his opinion the horse may not have been entirely comfortable on the heavy racing surface today.
