

# BSB60420

## Advanced Diploma of Leadership and Management

Studying at this level will require you to use initiative and judgement to plan and implement a range of leadership and management functions, with accountability for your own and team outcomes within broad parameters. This course will help you to use your cognitive and communication skills to identify, analyse and synthesise information from a variety of sources and transfer your knowledge to others, to develop your creative or conceptual skills to express ideas and perspectives or respond to complex problems.

You will learn vital skills to successful management including managing finance, innovation, organisational change and providing leadership across the organisation. You will learn to develop and implement a business and marketing plan in line with strategic planning for continuous organisational improvement.

The Advanced Diploma of Leadership and Management is an accredited course, accreditation is formal confirmation that the course:

- **is nationally recognised**
- meets an established industry, enterprise, educational, legislative or community need
- provides appropriate competency outcomes and a satisfactory basis for assessment
- meets national quality assurance requirements
- is aligned appropriately to the AQF where it leads to a qualification.
- Each VET accredited course is allocated a national code and is listed on the national register, training.gov.au.

### DEDICATED SUPPORT
