NOTE: Timing is based on positional data. Mile Rate is the race rate per mile (1609m) from gross time over the actual distance travelled. Quarter times are cumulative from the start; bracketed figures are the quarter section time. Distance Travelled is the ground each runner actually covered per section.

POWERED BY

NOTE: Timing is based on positional data. Mile Rate is the race rate per mile (1609m) from gross time over the actual distance travelled. Quarter times are cumulative from the start; bracketed figures are the quarter section time. Distance Travelled is the ground each runner actually covered per section.
