S. Comments:Near 900 metres eased from heels.Rider questioned re performance stated he was not issued with specific instructions, however he anticipated being able to obtain forward position. After beginning only fairly he was of the opinion that he would have to work hard and race wide to obtain forward position, so he elected to race back in the field. He added that this was detrimental to the horse's performance. The mare went to the line well and would derive benefit from the race.

Near the 900 metres was eased from heels.

Comments:Questioned re performance - rider stated mount raced keenly in lead throughout the race and as a result weakened over the final 200m. Whilst it had won over a similar distance last start, when displaying racing manners evident today failed to runout the 1200m. S. Comments:A post-race veterinary examination revealed the mare to have a slower than normal recovery rate. Trainer reported horse pulled up well and an an endoscopic examination failed to reveal any abnormalities. Only tangible explanation was that it may have resented being restrained once it found the lead as had performance poorly in the past when ridden in a similar fashion. Will instruct rider to allow horse to travel along in lead without being restrained next start. If again performs poorly will reassess current campaign.			In Running: /1/1
